

Elite

Multi purpose lube Elite is safe to use on anything that slides, swivels, rolls or squeaks. Elite provides longer life protection against friction, wear, rust and corrosion. Machinery lasts longer, downtime is reduced, and productivity is increased.

The component of this product high-quality special formula penetrating oil boasts the feature of deep penetrating and loosening the rusted screws, screw-nuts, and etc. and water repelling. Special additives improve penetration and enhance effectiveness.

Application: Thoroughly shake up the contents of the spray can, then spray on the surface to be processed, the product forms a thin film of grease that provides long term lubrication that does not evaporate. Due to the lengthened tube, easily reaches tight areas.

If used for unscrewing of screws, spray Elite and wait a few minutes so that the facilitator could thoroughly penetrate, then try to unscrew. If necessary spray once more.

The spray may be used in the upside down position as well.

Harmless for the ozone layer.
